Qualifications approved for inclusion in the Registers

All primary veterinary degrees are listed against Members’ names in the Register. They are not reproduced here. The list below sets out the additional postnominals which may be displayed against Members’ names in the Register. The list is not comprehensive; other qualifications may be added from time to time.

Please note that the RCVS only validates registerable primary veterinary degrees, and certain postgraduate qualifications (Certificates, Diplomas and Fellowships) which it has itself awarded. The listing of other qualifications in the Register against an individual’s name does not imply RCVS’s endorsement of those qualifications or of the organisations awarding them.

To be included on the list, qualifications must meet the following criteria:

a) The qualification must be awarded by an organisation with recognised national authority to do so – either a university, other nationally accredited awarding body, a Chartered body with authority to award qualifications, or other nationally recognised, well-established learned society.

b) The qualifications should represent a significant period of study/achievement in terms of size and level, equivalent to at least 60 credits (600 notional hours of learning) in the UK credit framework, and be at least at level 6/Bachelor level in the UK Higher Education Qualifications framework.

c) Qualifications that are accepted for RCVS Advanced Practitioner or RCVS Specialist status will automatically be added to the list.

d) Under section 3 below, the qualification should relate to achievement in a veterinary or related field of evidence-based science, medicine or agriculture and be awarded by a university, or a Chartered body or other nationally recognised, well-established learned society.

e) Honorary postnominals should be for eminence and significant contributions to a field related to veterinary science or a related field of evidence-based science, medicine or agriculture or other closely related fields/professions, and be awarded by a university, or a Chartered body or another nationally recognised, well-established learned society; or be a national honour conferred by the Crown.

f) Qualifications under section 5 below (non-veterinary related) must be full degrees awarded by a university, at least at level 6/Bachelor level, and be of relevance to the individual holder’s area of work. For BAs and MAs, the subject of study should be indicated.
This policy was agreed by RCVS Council at its meeting in November 2014.

1. Postgraduate veterinary qualifications at Masters level in the UK framework of higher education qualifications

The following qualifications are accepted for listing in the RCVS Register on the basis that they are recognised as part of the accreditation process for Members on the list of RCVS Advanced Practitioners. Other qualifications may be approved as part of that process and will be added to this list from time to time.

University Doctorates
PhD Doctor of Philosophy
DrMedVet Doctor of Veterinary Medicine
DProf Doctor in Professional Studies (Veterinary General Practice)
DVetMed Doctor of Veterinary Medicine
DVM Doctorate of Veterinary Medicine (nb. some DVMs are awarded as the primary veterinary degree, whereas others are awarded at the higher doctoral level, analogous to a PhD)
DVM&S Doctorate of Veterinary Medicine and Surgery
DVS Doctor of Veterinary Science
DVSc Doctor of Veterinary Science
DVSM Doctor of Veterinary State Medicine
VMD Doctor of Veterinary Medicine
VetMD Doctor of Veterinary Medicine
VetMedDr Doctor of Veterinary Medicine

Fellowships
FRCVS Fellow of the Royal College of Veterinary Surgeons
FACVS Fellow of the Australian College of Veterinary Scientists
FANZCVS Fellow of the Australian and New Zealand College of Veterinary Scientists
FRCPath Fellow of the Royal College of Pathologists
3. Other qualifications related to veterinary and biomedical sciences, agriculture and medicine

The following qualifications are not currently approved by RCVS for Advanced Practitioner or Specialist status, but are relevant to veterinary practice. They are currently approved for listing in the Register against individual members’ names. Some qualifications are historical and may no longer be awarded,

- DER - Diploma in Equine Reproduction
- DipACVB - Diplomate of American College of Veterinary Behaviourists
- DipACPV - Diplomate of the American College of Poultry Veterinarians
- DABVP (Avian) - Diplomate of the American Board of Veterinary Practitioners, Avian Practice
- DABVP ECM - Diplomate of the American Board of Veterinary Practitioners, Exotic Companion Mammal Practice
- DipAH - Diploma in Animal Health
- DipAiCVD - Diploma of the Asian College of Veterinary Dermatology
- DipLHP - Diploma in Livestock Health and Production
- DipVetPath - Diploma in Veterinary Pathology
- DPVM - Diploma in Preventive Veterinary Medicine
- DipVetMed - Diploma in Veterinary Medicine
- DTVM - Diploma in Tropical Veterinary Medicine
- DVCS - Diploma in Veterinary Clinical Studies
- DVPH - Diploma in Veterinary Public Health
- DVSM - Diploma in Veterinary State Medicine
- DAP&E - Diploma in Applied Parasitology and Entomology
- DipAgric - Diploma in Agriculture
- DipBact - Diploma in Bacteriology
- DipRCPath - Diploma of Royal College of Pathologists
- DipToxRCPath - Diploma in Toxicology of the Royal College of Pathologists
- DipWCF - Diploma of the Worshipful Company of Farriers
- DLSHTM - Diploma of the London School of Hygiene and Tropical Medicine
- PharmD - Le Diplome d'Etat de Docteur en Pharmacie
- MD - Doctor of Medicine
- DSc - Doctor of Science
- ScD - Doctor of Science
- MAnimSc - Master of Animal Sciences
- MAPplSc - Master of Applied science
- MPH - Master of Public Health
- MRes - Master of Research
- MScR - Master of Science by Research, University of Edinburgh
